BILLING CODE 3510–DS–P

International Trade Administration**[A–201–601]****Fresh Cut Flowers From Mexico; Preliminary Results of Antidumping Duty Administrative Review**

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Preliminary Results of Antidumping Duty Administrative Review.

SUMMARY: In response to a request by the Floral Trade Council (petitioner), the Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on certain fresh cut flowers from Mexico. The review covers four producers/exporters, Rancho El Aguaje (Aguaje), Rancho Guacatay (Guacatay), Rancho El Toro (Toro), and Visaflor S. de P.R. (Visaflor), and entries of the subject merchandise into the United States during the period April 1, 1991, through March 31, 1992. We have preliminarily determined that dumping margins exist for three of these producers. The Department based these margins on the best information available (BIA). The fourth company, Visaflor, made no shipments during the period of review (POR).

Interested parties are invited to comment on these preliminary results. **EFFECTIVE DATE:** April 17, 1995.

FOR FURTHER INFORMATION CONTACT: Rebecca Trainor or Maureen Flannery, Office of Antidumping Compliance, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482–4733.

SUPPLEMENTARY INFORMATION:**Background**

On April 8, 1992, the Department published in the **Federal Register** (57 FR 11935) a notice of "Opportunity to Request an Administrative Review" of the antidumping duty order on fresh cut flowers from Mexico (52 FR 13491,

April 23, 1987). In accordance with 19 CFR 353.22(a)(1), the petitioner requested an administrative review for Aguaje, Guacatay, Toro, and Visaflor. On May 22, 1993, the Department published a notice of initiation of this review (51 FR 21769) covering the period April 1, 1991, through March 31, 1992. Visaflor stated that it did not ship subject merchandise from Mexico to the United States during the POR. The Department has now conducted this review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Because the Department determined during the prior administrative review that Guacatay had made sales in the home market below the cost of production (COP), we initiated a COP investigation with respect to Guacatay on October 10, 1992.

Scope of the Review

The products covered by this review are certain fresh cut flowers, defined as standard carnations, standard chrysanthemums, and pompon chrysanthemums. During the POR, such merchandise was classifiable under *Harmonized Tariff Schedule of the United States* (HTSUS) item numbers 0603.10.7010 (pompon chrysanthemums), 0603.10.7020 (standard chrysanthemums), and 0603.10.7030 (standard carnations). The HTSUS item numbers are provided for convenience and Customs purposes only. The written description remains dispositive as to the scope of the order.

This review covers sales of the subject merchandise manufactured by Aguaje, Guacatay, Toro, and Visaflor, and entered into the United States during the period April 1, 1991, through March 31, 1992.

Best Information Available

The Department has determined that the data submitted by Aguaje, Toro, and Guacatay are unusable for the following reasons. The original questionnaire responses they submitted included unaudited, "in-house" financial statements. The respondents reported that they were not legally obligated to file income tax returns on sales made during the POR. In response to a supplemental questionnaire sent to all three companies, the respondents indicated that they were, in fact, obligated to file income tax returns covering the POR because of a change in Mexican law.

In an additional supplemental questionnaire, the Department asked the respondents to submit copies of these tax returns, and to reconcile them to the unaudited "in-house" financial
